

Ride Health partners with CommuniCare Advantage and transportation vendors to manage your transportation benefits.

Millions of patients today struggle with transportation barriers that impact their ability to access quality health care and basic social needs. Existing transportation resources are limited, requiring advance notice, long pickup windows, and endless games of telephone between coordinators, drivers, and patients.

Now through Ride Health, you can expect:

Reputable transportation partners and high-quality, safe drivers and vehicles.

Direct and clear communication regarding your rides, including ride reminders, accurate arrival times, and on-demand ride summoning.

Customer support 24 hours a day, 7 days a week, 365 days a year.

We make transportation simple.
