PHARMACY DIRECTORY

Introduction: This booklet provides a list of CommuniCare Advantage’s CSNP network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and CommuniCare Advantage’s CSNP formulary.

When this pharmacy directory refers to “we,” “us,” or “our,” it means CommuniCare Advantage. When it refers to “plan” or “our plan,” it means CommuniCare Advantage CSNP.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to plan members. In most cases, your prescriptions are covered under CommuniCare Advantage CSNP only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of **03/01/2026**. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

This directory is for our plan’s service area including the area in which you live. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our plan. For information on more pharmacies in our plan network not listed in this directory, please call member services at 833-697-8516 (TTY/TDD users should call 711).

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

The pharmacies in this directory are listed alphabetically by pharmacy name. The pharmacy type (i.e. retail, long-term care) can be found below the pharmacy name.

Mail Order Pharmacy Information

You can get prescription drugs shipped to your home through our network mail order delivery program through Birdi.

For refills of your mail order prescriptions, please contact us 14 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time.

Typically, you should expect to receive your prescription drugs within 7 to 10 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact Birdi at 866-909-5170 (TTY/TDD users should call 711) or by visiting www.birdirx.com.

Long-Term Care Pharmacy Information

Residents of a long-term care facility may access their prescription drugs covered under CommuniCare Advantage through the facility's long-term care pharmacy or another network long-term care pharmacy.
